OPERATING MANUAL

Small Size Signal Phone

Thank you for purchasing Q.Light product.

Please read this manual carefully before installing this system for safe and long use of the product.

1 Product Feature

- Economical ABS housing product with compact size, light weight and high volume output.
- Possible to control volume level by using the built-in volume controller.

Standard Body Color: Red
Material: Body-ABS Housing
Volume: 98~108dB/1m

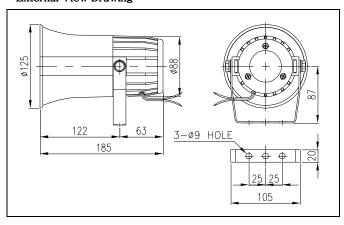

Volume: 98~108dB/1mProtection Class: IP55

2 Specification & External View Drawing

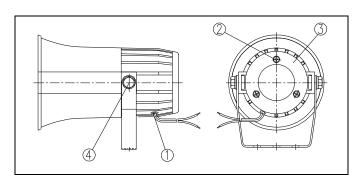

General Specification

Model	Main	Built-in Sound	dB	Rated Voltage	Voltage/ Current	Weight
	WS	5 Warning Sounds	108dB		·DC12V /0.322A	
SRN	WM	5 Melodies	108dB	·DC12V ·DC24V	·DC24V /0 233A	DC -0.72Kg
) SKIN	WA	5 Alarms	105dB	·AC110V ·AC220V	·AC110V /0.073A	AC -0.98Kg
	WV	3 Voice Signals	98dB		·AC220V /0.036A

3 Product Structure

4 Sound Tone Combination of Standard Product

	Main Built-in Sounds	СН	Sound Tone	DB(Max)
WS	5Warning Sounds	ch1 ch2 ch3 ch4 ch5	Fire A-ANG Sound Emergency WA-U Sound Ambulance PI-PO Sound Machinery Fault PI-PI Sound High-Expasion Foamrelease PI~Sound	108dB
WM	5Melodies	ch1 ch2 ch3 ch4 ch5	ch2 For Elise ch3 Cuckoo Waltz ch4 Piano Sonata	
WA	5Alarms	ch1 ch2 ch3 ch4 ch5	Beep. intermittent Door chime Phone Ring sound PI PI PI. short interval Tripping bead sound	105dB
WV	3Voice Signals	ch1 ch2 ch3	Voice recording 3 channels	98dB

5 Wiring Instruction

- Power line VCTF(0.75sqX2C) 400mm comes out from the product.
- In case of product using AC voltage, connect the line without Polarity(wire color).
- ${\color{blue}\bullet}$ In case of product using DC voltage, black line is negative(-).
- Power entry① is equipped with cable connector. Keep airtightness between cable and cable connector by tightening cable

connector.

■ Custom-made(LC) connection way to select sound by external contact point

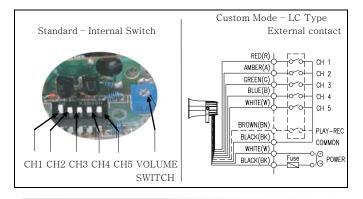

- Custom-made(LC) which select sound by external contact point comes out power line and signal line outside. Please see below picture to connect.
- Power line: UL1015-NO.18(0.75sq) X 2C 400mm
- Signal line: UL1007-NO.22(0.3sq) 400mm

OPERATING MANUAL

RusAutomation

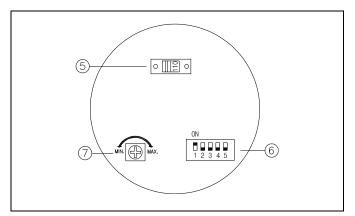

* Warning!

If you connect power line to Common line and each signal line, there's a sound badness. So please be careful.

6 Selecting voltage, sound tone, control volume

This product has a volume controller, voltage selection switch and sound tone selection switch on assembling board for convenience. Refer to previous structure drawing, following drawing and explanation for right operating. In the first, remove cover³ by loosening cover bolt² on back side.

Selecting Voltage

* Warning!

Must turn off power supply. Converting switch during power supply can cause short circuit.

 Can choose one of AC110V and AC220V by using voltage selection switch.
 220V is already selected for standard product. Convert the switch to 110V if needed.

Sound Tone Selection (Standard Product)

Standard product has 5 sound tones built-in. Select one of them by using sound tone selection switch.

Volume Control

This product has volume controller built-in. Turn it to clockwise for increasing volume and turn it to counterclockwise for

decreasing volume.

7 Mounting

- This product is manufactured for outdoor use. Mount at the place where exists low moisture and low dust as long as possible.
- Refer to below information and drill necessary mounting holes on profitable part of the product. (Make sure PCD from external view drawing.)
- Fix the product by using extra mounting bolt(M8-2EA).

8 Adjustment of Horn Housing Angle

If the angle of horn housing(angle of signal transmission) needs adjustment, loose the bracket fixing bolt on side of body and adjust the angle. (Refer to structure drawing)

9 Caution

- This is designed for explosion proof and water proof/dust proof product. When releasing the product for checking, connecting etc, must keep airtight by making sure bolts.
- If using voltage is seriously higher or lower than rated voltage, it can reduce the self-life of the product or can cause a problem on product operating. Make sure the using voltage does not exceed +/-5% of the rated voltage.
- If lens or body of the product is contaminated by chemicals such as thinner, benzene, the product can be damaged, discolored or deformed. Please be careful.

OPERATING MANUAL

10 Trouble shooting

Situation	Main reason	Solution	
	Supplying Voltage	Making Sure Using Voltage	
Sound Tone	Lower Than Rated		
	Voltage		
Deterioration	Wrong operating		
or Volume	Voltage	Checking Voltage	
Decreasing	Selection Switch (AC	Selection Switch	
	Voltage Type)		
(T) 1:1	Supplying Voltage	Making Sure Using Voltage	
Too high sound tone than the standard	Higher than Rated		
	Voltage		
	Signal sound line short	Making Sure connection	
Output 2 kinds of sounds	Problem Sound tone	Contact Q.Light or Their	
	Selection Switch	Agent	
NTd	Wrong Wiring	Making Sure Wiring	
No sound	No Power Supply	Making SurePower Supply
